

**REMARKS**

In claims 2 and 3, the removal of the phrase "of said object" is requested because a tone wheel does not comprise a part of the annular object and the removal of the phrase clarifies the claims.

In claims 4 and 6, the removal of the phrase "to be tested" is requested because the testing is not dependent upon it being accurately mounted and the removal of the phrase clarifies the claims.

Acceptance of the these amendments is respectfully requested.

Respectfully submitted,

Date: March 8, 2006
